

Intern posting

Local 22/Local 44 offers internship positions for the Spring and Fall semesters. Each internship is for 16 hours per week for 15 weeks. Internships are available for qualified students studying broadcast journalism, video production, and other communication degrees. Several departments may choose to accept interns, including but not necessarily limited to: News, Creative Services, Production, and Community Development. Interns must be seniors in their last year of study and be of advanced skill level as they will be given meaningful projects and tasks rather than routine chores. Interns will be expected to work two eight hour shifts per week. All interns will be well supervised and have the opportunity to participate in a meaningful learning experience. Upon completion of the internship, the student will be evaluated through a written review by the internship supervisor.
